Sampling for contaminants 1 – 119 required every 1, 3 or 6 years. (Compliance)

Sampling for contaminants 164 – 171 & 178-181 required quarterly for one full year as part of USEPA research requirements. (UCMR3)

Sampling for contaminants 172 – 177 initially required for one year as USEPA research (UCMR3), now sampled every 4 months by CWD.

Sampling for contaminants 191-200 required once as part of USEPA research requirements.(UCMR3).

Sampling for contaminants 181-190 required once as part of USEPA research requirements.(UCMR2).
